Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Saturday 13 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Windy but turning milder Sunday.

This Evening and Tonight:
Remaining cloudy with rain, sleet and snow falling intermittently through the region at first, bringing the risk of ice before becoming dry. Further rain arrives in the early hours. Windy with a risk of coastal gales. Minimum temperature 0 deg C (32 deg F).

Sunday:
A cold morning but turning milder from the west later. Periods of rain, heavy at times, continue through the whole day along with strong winds and coastal gales. Maximum temperature 11 deg C (52 deg F).

Outlook for Monday to Wednesday:
Rain clearing eastwards on Monday then dry, bright and mild before further rain arrives later. Windier on Tuesday and Wednesday with sunshine and showers, perhaps heavier overnight. Mild throughout.
